

## Bring Your Own Device Insurance Agreement

All parents have the opportunity to insure their child's device in one of the following ways.

Option 1: Insure your child's device under your current house and contents insurance. You will need to contact your insurance provider to see if they offer the service within your existing policy or if it has an additional cost. It may be described as portable valuables.

Option 2: Insure your child's device with a mobile device insurance provider. iBroker offer insurance for laptops and tablets used in school setting by students. For further information please contact iBroker or your preferred device insurance provider.

Option 3: Insure your child's device with the school. This policy covers the accidental damage caused by the device owner during responsible use. The policy carries a \$150 excess for any claim. Any additional cost to repair the device will be covered by the school, with a maximum of 3 claims per school year.

Accidental damage includes:

- Cracked screens
- Speaker damage or failure
- Microphone damage or failure

Additional hardware faults will only be covered by the manufacturer's warranty.

To enter into the school's insurance agreement the student's device must be fitted with; a protective case/cover and screen protector.

No matter which type of insurance you choose to cover your child's device under, the school will cover the cost of the repair for any damaged caused by another student. The school will try to recoup costs of the repair from the parents of the student who caused the damage.

Accidental damage: \$150.

Deliberate damage: 100% of the repair cost including shipping and service charges.
